## Greetings to our fellow Members of the family!

The Kapap Academy is working to further develop our quality training and Martial Arts /Personal defense system throughout the world and making it a significant and influential art of self defense in the civilian market.

The increase and expansion of [KAPAP](#) practitioners and authorized schools has been overwhelming in the past months and we would like to thank all our newly added Instructors for joining the family.

We feel that the time has come to provide our instructors the best tools to work with in order to support and help them achieve the best results in training other students. The Kapap Academy is working hard to bring to the print the first **KAPAP MANUAL BOOK**, and include it in the Instructor's package.

In these days we are working to establish a package for all our Instructors that will complete the first stage - **Kapap level one® Instructor**.

If you have completed the **Kapap Level one® Instructor training** and you wish to start teaching, please be advised that a teaching license is required and an annual membership fee (included in the license fee) is required to be paid in order to be processed for the teaching license. This step will help our instructors to be a part of an organization and to eliminate all other legal issues in teaching this art.

The Kapap Academy & Federation is not charging and will not charge any franchise fee for teaching Kapap, but in order to maintain and provide the best service to its practitioners and protect the structure of the organization, an annual membership fee will be charged to a student that wants to remain **authorized Level one® Instructor**. This step is also a pre-requisite for the advancement to **level two® Instructors course** that is planned in July-August 2007 with a cadre of Israeli Kapap-Lotar Instructors and founder **Lt.Col Chaim Pe'er** in **Tel Aviv/Israel**.

**Teaching license application and membership form can be downloaded [here](#).  
Membership forms and Licensing applications are due on October 17th 2006.**

Our 2006 public training [calendar](#) is available for your convenience. All courses in Europe and Oceania are been coordinated through our representative **Mr. Sam Adrian Markey**.

All registration information, payment information, courses locations and other important information should be sent:

### **Kapap European Coordinator:**

Mr. Sam Markey (UK)  
360 Reality Based Defense Ltd.

E-mail: [realitybased@eircom.net](mailto:realitybased@eircom.net)

Our UK based Kapap Level one® Instructor [Craig Welsh](#) has trained the Yorkshire Regiment Infantry of the British Army for a full week. Covering subjects as: combat conditioning, ground fighting, counter knife defenses and attacks, guns disarms anti-terrorist takedowns and controls.

**The training was described by the soldiers "nothing less then Brilliant" and as expressed is anticipating more to follow...**

With the growing popularity and success of [KAPAP ACADEMY](#), the demand of seminars and certification is growing worldwide! We are currently booking Public Seminars and Instructor's Courses for different cities around the world. For more information on hosting a [KAPAP](#) Seminar or Instructor's Course with **Major Avi Nardia** and **Mr. Albert Timen** the official Israeli Instructors at your location, you can:
